

Passage House Dental Care

modern dentistry for all

April 2020

Dear Patients

Re: Change of dentist and dental advice at this current time.

We hope you are keeping well during these peculiar times we all find ourselves in.

Change of Dentist

We would like to let you know that your dentist Dr Aamir Razzak is leaving Passage House Dental Care in May 2020. We are aware that you may have had a few changes of dentists in the last 2-3 years and we are trying our hardest to rectify this. Many dentists have career aspirations and they need to take opportunities when they arise – at times, this means leaving their current role.

We do have good news! We have Dr Sarah Benton ready and waiting to start with us! Sarah qualified as a Dentist in 2016, and previously to this qualified in Biomedical Science (physiology). She has worked as a Dentist in Bristol since qualifying. I am sure Sarah will be a great asset to the Passage House Dental Care team and we look forward to welcoming her soon. We would like to let you that your dental care is important to us and that although you have had changes in your dentist recently we have ensured we provided good continuous dental care during these times.

Dental advice at this current time

Due to national guidelines, we are not allowed to see patients face to face at this current time. However, we would like to assure you that we are manning our telephone lines (0117 950 3141) Monday – Friday so that we can give the very best dental advice, and should you need emergency dental care, instigate a pathway for you. Please do use us as the first port of call should you have any dental related concerns. We have your dental records to hand and can advise accordingly.

Our Facebook page is full of dental self-help tips including denture and brace repairs, what to do if your crown comes off and fracture/knocked out teeth, as well how to keep your teeth healthy. Please like our page and share it with your friends so we can help and advise as many people as possible.

UPDATE: JUNE 2020 – We are opening in phases from June 8th. Please do not call the practice if you have routine appointments booked – we will call you before the date. More information can be found on our website and facebook page.

Keep well, stay safe.

Kind regards

Brad
