## CANCELLATIONS / MISSED APPOINTMENTS

If you are unable to keep your appointment, please let us know as soon as possible. If you miss two consecutive NHS appointments, we may not be able to complete your treatment or offer you NHS care in the future.

If you miss/forget, or give less than 24 hours' notice for a private dental appointment/48 hours for hygiene appointments for whatever reason, your booking fee/deposit cannot be refunded or transferred to another date/time.

## URGENT TREATMENT AND OUT OF HOURS CARE

Urgent treatment means that which the dentist considers necessary to relieve severe pain or prevent your oral condition deteriorating before you can make a normal appointment. During surgery hours please telephone the practice (we advise you to call as soon as we open) and every effort will be made to see you as soon as possible. Should you have a dental emergency outside of the surgery hours please call the **NHS 111**.

Alternatively, you can contact the **private out of hours service on 07770 941848**. This service does not provide NHS treatment – you will have to pay a call out fee plus treatment fee if treatment. It may not be your usual practice/dentist that provides the appointment.

## PATIENT RESPONSIBILITIES

Please:

- ensure that your contact details are up to date
- inform us of any change in your medical history/medications
- it is your responsibility to rebook appointments. Don't leave it more than two years to rebook. If over two years you will need to go on a waiting list when it opens
- ensure you don't miss appointments without letting us know. If you miss two appointments in a row, we will not be able to offer you future dental appointments
- follow your dentists' advice and ask about your oral health
- ask your dentist for information on your treatment options including cost and a written treatment plan if needed
- pay your bill promptly or bring proof of entitlement when claiming help with NHS treatment. It is your responsibility to ensure your records are correct before claiming for care
- treat our staff with courtesy and respect. We can refuse to treat patients who are verbally abusive, violent, fail to pay or refuse to co-operate during treatment
